

B&D Chair

Care and Maintenance Guideline

With regular care and maintenance, your B&D Chair will provide many years of superior performance and satisfaction.

To maintain the quality of your B&D Chair, please follow the cleaning procedures outlined here.

Base, Frame, and Armpads

Your B&D Chairs will come with various types of Base like Nylon, Aluminums and with Chrome or Rose Gold finish as per the model.

Nylon and Aluminum Base

Normal Cleaning

Wash surface with a soft cloth soaked in mild detergent and warm water.

Rinse thoroughly and dry with a soft cloth.

Do not use solvents or abrasive kitchen cleaners.

Chrome or Rose Gold finish

Wash surface with a soft cloth soaked in mild detergent and warm water.

Rinse thoroughly and dry with a soft cloth.

Do not use solvents or abrasive kitchen cleaners.

Apply a pre-softened paste wax after surface cleaning In humid atmospheres near salt water, apply the wax once a month. In other areas, apply wax every three months to maintain the appearance of the chrome or rose Gold finish.

Suggested Paste Wax

Cleaner neutral Wax (paste or liquid)

FRAME

Normal Cleaning

Vacuum fabric as needed using an upholstery attachment.

Vacuuming picks up dust and reduces the need for professional cleaning.

Do not brush fabric or use a vacuum attachment with a rotary brush

Brushing may permanently damage the nap or change the character of the fabric.

ARMPADS

Your B&D Chairs will come with various types of Armpads like Nylon Fixed Arm or Soft PU Padded Nylon Arm as per the model.

Normal Cleaning

Vacuum or dust frequently with a clean, dry cloth. Do not spot clean leather; clean the entire surface.

Wash surface with a soft cloth soaked in mild detergent and warm water.

Rinse thoroughly and dry with a soft cloth.

Do not use solvents or abrasive kitchen cleaners.

PU Wheels

Your B&D Chairs will come with high quality No Noise, No Maintenance wheels, rotating 360 degree and made of top quality nylon & coated with PU, they are wheels. Do not apply any oil or other lubricant.

MATERIALS

Your B&D Chairs will come with various types of Fabrics like Fire Resistant Fabric, Nylon Mesh, special upholstery fabric or Leatherite material as per the model.

Spot Cleaning

For Water-based Stains of coffee, soft drinks, fruit juices, or Oil-based Stains such as lipstick, grease, salad dressing

Immediately soak up the stain with a soft absorbent cloth. Excessive wetting of the fabric with any liquid solution may result in permanent damage to the material.

Do not dry the stain completely or it may set. The longer a stain is allowed to remain on a fabric, the more difficult it is to remove.

Use a water-based cleaner (specifically made for cleaning fabric) or warm soapy water (not overly soapy) applied with a damp clean cloth or sponge.

Soak up all remaining solution and then use a clean cloth or sponge dipped in cool water to remove any residue. Never use hot water; it will set the stain. Avoid scrubbing.

Don't:

Do not over apply water or any liquid solution to fabric.

Do not rub too vigorously or you may damage the nap of the fabric or break fibers.

Do not use strong soap, cleaning solvents, oils, furniture polishes, varnishes, abrasive cleaners, detergents, or ammonia on leather; they will ruin the finish, causing it to become sticky and cracked.

Note: The instructions for the care and maintenance of B&D Chairs are provided to you as a service. It is subject to user discretion. No warranty is implied since results may vary.
